## Introduction

Closer to the Edge are committed to providing accessible, enjoyable and affordable active outdoor learning experiences for all members of society. In order to do this in a cost-effective manner, Closer to the Edge provide a cost effective pre-payment Token scheme enabling organisations to forward plan, commit and invest in Learning Outside the Classroom (LOtC) to facilitate positive outdoor learning opportunities for those who need it.

## About the CTTE Token Scheme

Tokens allow you to access 'Closer to the Edge' services at up to 20% saving on standard pricing. Tokens are charged at £5 per token. Tokens have a separate tariff for the wide variety of Closer to the Edge provision (see 'Closer to the Edge Provision').

## Token Scheme - Who Would Benefit?

- Organisations wishing to put large numbers of people through Closer to the Edge events
- Organisations wishing to manage budgets more effectively and maximise a return on investment
- Organisations looking to continue the development of young people through the delivery of high quality challenging outdoor activities in engaging settings
- Organisations with a desire to enhance their relationship with a delivery partner with the same core values and a proven track record
- Organisations wishing to work in partnership with a provider to design build and deliver solutions that meets with their desired outcomes.
- Organisations wishing to manage the administration and reporting on activities more effectively
- 

## Closer to the Edge Commitment

On purchasing tokens clients will be allocated a single point of contact (client manager) for direct line communication with a member of the Closer to the Edge team. The 'client manager' will consult, advice and support where appropriate to ensure high levels of satisfaction and desired outcomes are attained from the enquiry phase to delivery and evaluation feedback.

Your 'client manager' will ensure you remain informed about availability and assist in the scheduling process.

Client reviews - every 6 months your client manager will report on activity, utilisation and collate feedback relating to satisfaction levels, performance and other quality assurance features.

## Conclusion

The overarching aim of dynamic learning experiences is for young people to discover and harness their potential through active engagement. The Closer to the Edge token scheme provides a cost effective enabler for young person's to demonstrate their ability to:

- Develop Personal Learning and Thinking Skills (PLTS)
- Access and utilise multiple intelligences.
- Contribute to improved team performance.
- Be actively involved in both reflection and review.
- Improve self-confidence and self esteem.
